

DESIGNING ICONS. CREATING DESTINATIONS.

From Monaco to Shanghai, from Los Angeles to Dubai - designing without borders

WE CREATE ICONIC DESTINATIONS

Where design transcends function to become an unforgettable experience.

For more than two decades, Yacouba Design Studio has imagined and created visionary projects for international brands. From Europe to Asia, from the United States to the Middle East, our work blends instinct, innovation and artistry to craft places that inspire and endure.

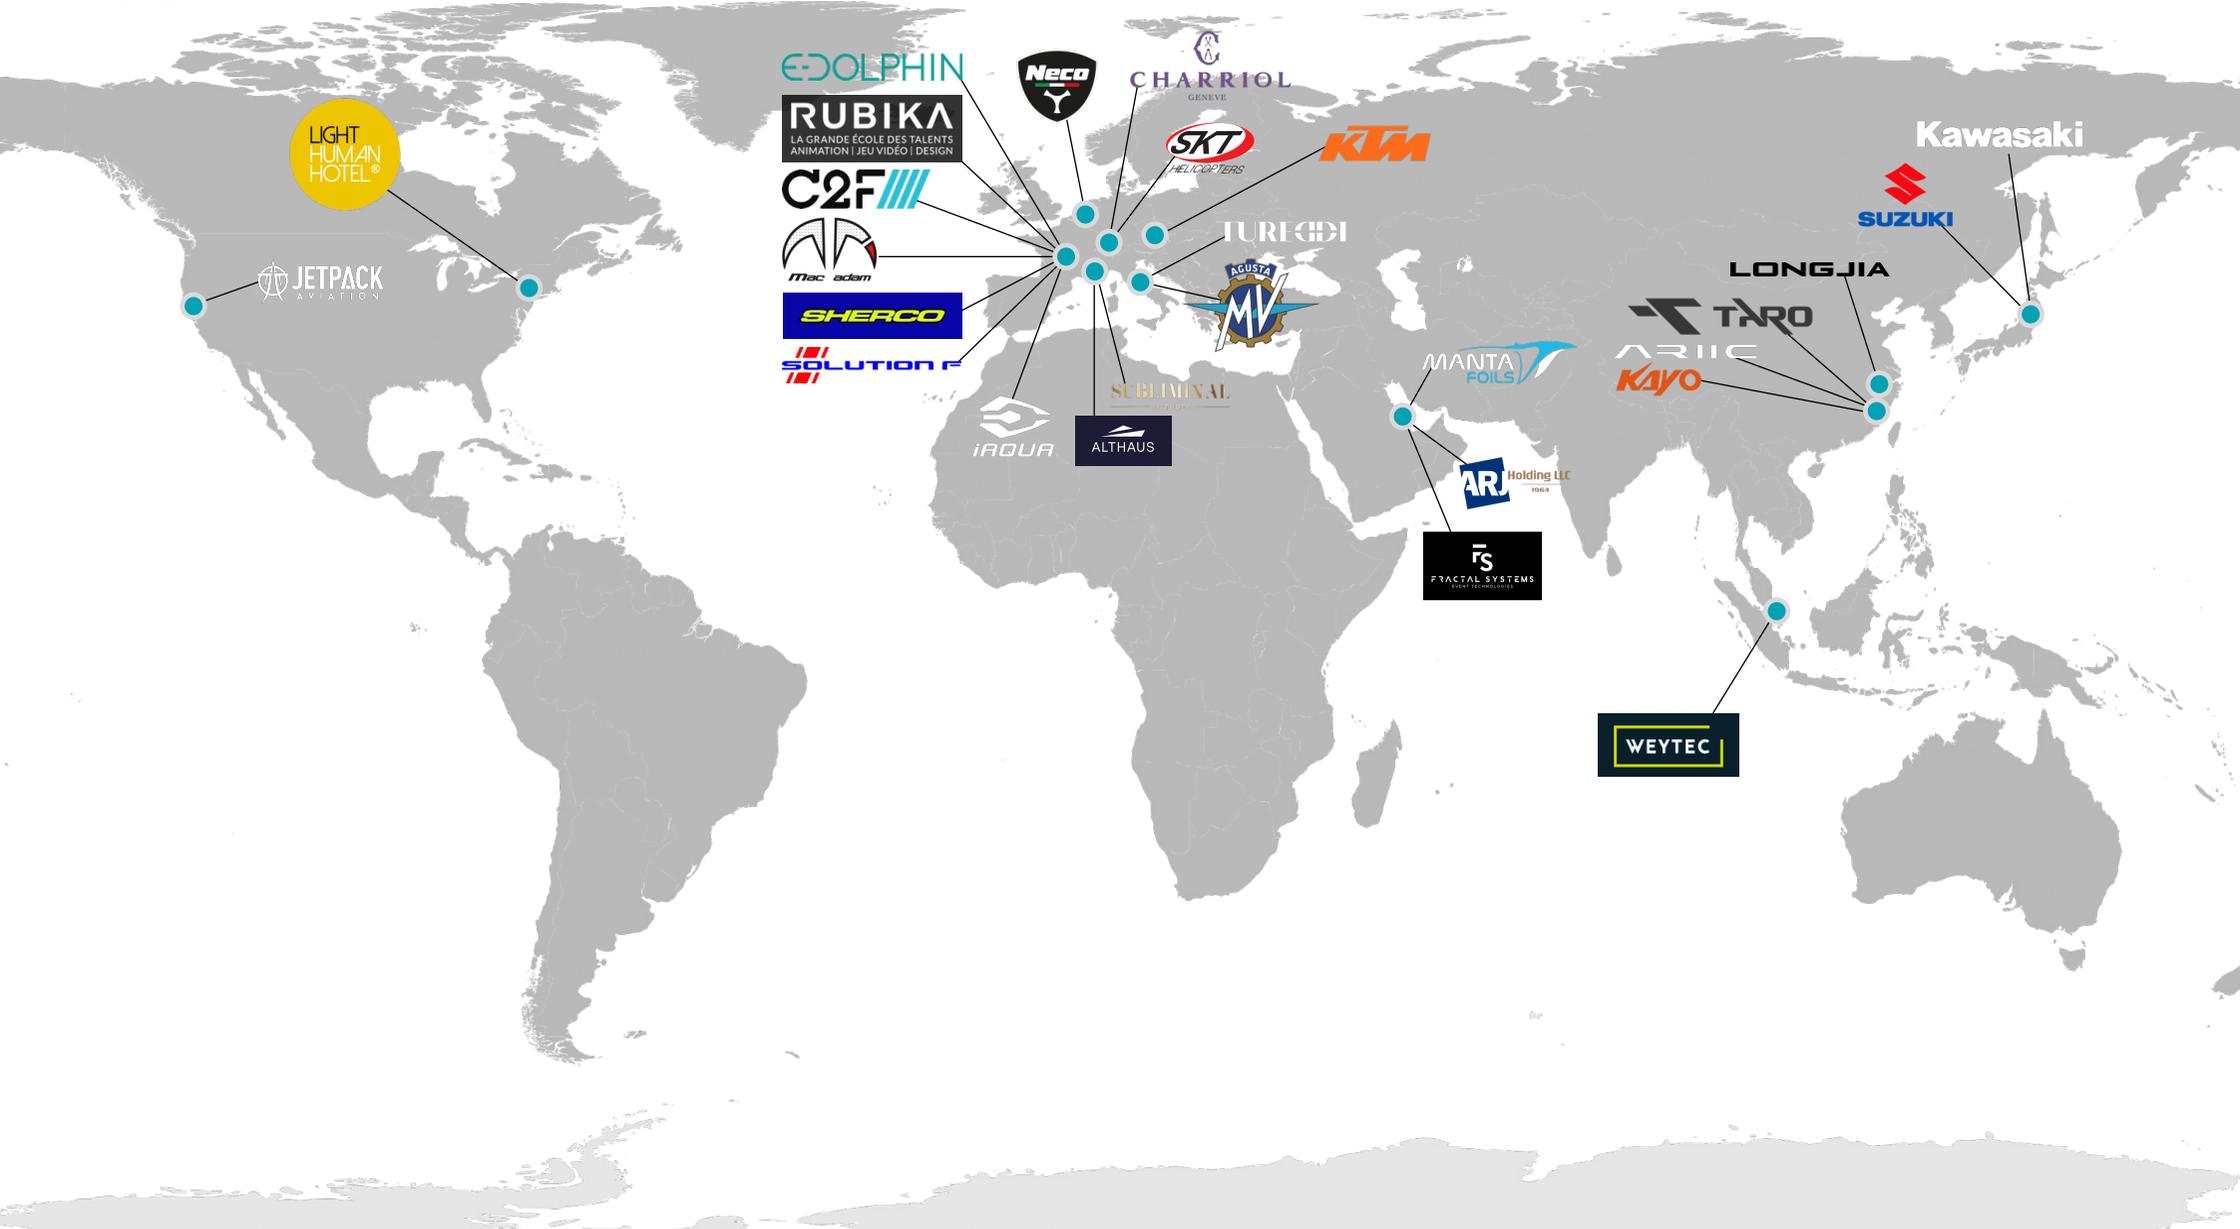

We don't just design interiors. We create landmarks - destinations that embody luxury, identity and timeless elegance.

TRUSTED BY LEADING BRANDS WORLDWIDE

From Monaco to Shanghai, from Los Angeles to Dubai.

Our expertise is trusted by prestigious brands and visionary developers across four continents.

From motorcycles to yachts, from design objects to hospitality, Yacouba Design Studio brings global credibility and cross-disciplinary innovation.

WORLDWIDE PROJECTS

ABOUT YACOUBA DESIGN STUDIO

Founded by designer Yacouba Galle, the studio embodies a unique cross-disciplinary approach - blending automotive design, luxury objects, yachts and now hospitality.

With more than 25 years of experience and collaborations with international brands, Yacouba Design Studio stands out for its instinctive creativity, technical mastery and ability to create icons that resonate worldwide.

From concept sketches to interior experiences, from bespoke furniture to signature destinations, the studio drives each project with the same vision: turning bold ideas into timeless landmarks.

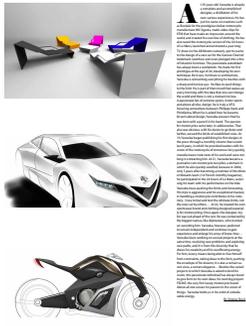

"Dreams are limitless,
so are our goals!"

YACOUBA GALLE

YACOUBA GALLE

With over **25 years** of cross-disciplinary design experience, **Yacouba Galle** is a French designer driven by a lifelong passion for drawing and creation. From motorcycles to yachts, from objects to interiors, he brings an instinctive vision that constantly redefines boundaries.

His **unique background** - as a designer, journalist, test rider and TV presenter - enriches his work with authenticity and boldness. Today, this global journey shapes a singular approach: creating icons that inspire, disrupt and endure.

HOSPITALITY AS A BRAND EXPERIENCE

The Racing Spirit Hotel Concept

More than a hotel, this Tower Concept embodies the spirit of speed, innovation and Italian lifestyle.

Inspired by a legendary motorcycle brand, this visionary project merges hospitality with brand identity - creating an immersive destination for guests seeking adrenaline, luxury and exclusivity.

With its sculptural architecture, bold interiors and cutting-edge technology, this Hotel Concept redefines what a branded residence can be: an iconic landmark that attracts worldwide attention and transforms a brand into a lifestyle experience.

DESIGNING HUMAN-CENTERED HOSPITALITY

Light Human Hotels

At the heart of every project, Yacouba Design Studio places the human experience.

With Light Human Hotels, the vision was to create spaces that combine contemporary design, natural inspiration and emotional comfort.

From bespoke furniture to immersive interiors, every detail is designed to inspire a sense of connection, well-being and elegance.

This project illustrates our belief that luxury is not only about materials - it is about atmospheres that resonate with people.
